University of Illinois

Corn Processing Workshops and International Starch Technology Conference

February 2-6, 2015

Monday, February 2

8:00-5:00	<i>Corn Wet Milling Short Course</i>	Heritage Room, ACES Library
A fundamental understanding of technology and science associated with the corn wet milling process. We will cover topics on the whole kernel through finished starch products, discuss industry trends and provide laboratory demonstrations. Course is designed for a broad audience and is taught by experts from industry, academia and government research agencies having a range of expertise.		
Evening	<i>Reception with hot buffet</i>	Hawthorn Suites

Tuesday, February 3

8:00-3:00	<i>Corn Wet Milling Short Course (conclusion)</i>	Heritage Room, ACES Library
4:00	<i>International Starch Technology Conference (ISTC): Keynote speaker and presentations</i>	Hawthorn Suites
A conference to facilitate interactions among international representatives from the starch processing industry, government research agencies and allied industries. The conference is unique as we will focus on technology issues of concern to corn processors.		
Evening	<i>Reception with hot buffet Poster Presentations</i>	Hawthorn Suites

Wednesday, February 4

8:00-12:00	<i>ISTC (continued)</i>	Hawthorn Suites
12:00	Lunch	Hawthorn Suites
1:00-5:00	<i>Corn Ethanol Production Short Course</i>	Heritage Room, ACES Library
A fundamental understanding of technology and science associated with biofuels production from cereal grains and biomass. Presenters will cover feedstock development, unit operations, process design and simulation, enzymatic technologies, coproducts, fractionation and other technologies. The course is designed for a broad audience to serve representatives from dry grind ethanol, cellulosic ethanol and allied industries.		
Evening	<i>Reception with hot buffet</i>	Hawthorn Suites

Thursday, February 5

8:00-5:00	<i>Corn Ethanol Production Short Course (continued)</i>	Heritage Room, ACES Library
Evening	<i>Reception with hot buffet</i>	Hawthorn Suites

Friday, February 6

8:00-11:00	<i>Corn Ethanol Production Short Course (conclusion)</i>	Heritage Room, ACES Library

Kent Rausch (217) 265-0697 krausch@illinois.edu www.starchconference.org
 Vijay Singh (217) 333-9510 vsingh@illinois.edu
 Mike Tumbleson (217) 333-9786 mtumbles@illinois.edu

Registration with printed proceedings for each workshop and conference (if paid by December 1, 2014; all fees will increase \$100 after December 1):

A. Wet Milling course only	\$995	D. Wet Milling + Starch Conference	\$995
B. ISTC only	\$150	E. Corn Ethanol + Starch Conference	\$995
C. Corn Ethanol course only	\$995	F. All 3 events (save \$540)	\$1600
