

The Eighth
International Starch Technology Conference

University of Illinois
June 3-5, 2013
www.starchconference.org

Tentative Program and Speaker Topics

Julie Carrier, *University of Arkansas* – **Xylooligosaccharides from Biomass**

Chuck Connor, *former US Secretary of Agriculture* – **accepted**

Fred Felker, *USDA/ARS/NCAUR* – **Amylose Inclusion Complexes**

Victoria Finkenstadt, *NCAUR/ARS/NCAUR* – **Novel Products from Starch Based Feedstocks**

Laura Gentry, *University of Illinois* – **Tropical Maize for the Bioprocessing Industry**

Tom Gibbons, *Novozymes NA* – **Improved Corn Fractionation Utilizing Enzyme Solutions**

Maria Godoy, *University of Illinois* – **Use of Wet Milling Products in Pet Foods**

Robert Hauser, *University of Illinois* – **Agricultural Research and Land Grant Universities**

Dell Hummel, *Alfa Laval* – **Decanter Centrifuges**

David Johnston, *USDA/ARS/ERRC* – **Economic Analysis of High Fructose Corn Syrup Production**

William Orts, *USDA/ARS/WRRRC* – **Bioproducts from Agricultural Feedstocks**

Marvin Paulsen, *University of Illinois* – **Compositional Factors of the 2012 U.S. Corn Crop**

Kishore Rajagopalan, *Illinois Sustainable Technology Center* – **Effluent Water for Biofuels**

Pauline Teunissen, *DuPont Industrial Biosciences* – **Enzymes in Starch Processing**

Brad Uken, *Champaign County Farm Bureau* – **Understanding Farm Inputs**

Donghai Wang, *Kansas State University* – **Deficit Irrigation, Grain Properties and Ethanol Yields**

Approximate Schedule

Monday Sessions – 8:30 to 4:30; 6:00 casual reception and dinner, Hawthorn Suites

Tuesday Sessions – 8:30 to 4:30; ~4:00 reception and light refreshments at CABER

Wednesday Sessions – 8:30 to noon
